

# Rai Drive WWPS & Conveyance.

## The CINC Approach.

- ✓ Conducted thorough site assessments to optimize the layout of electrical conduits, minimizing material usage & installation time;
- ✓ CINC manufactured switchboards in house reducing time & costs;
- ✓ Closely monitored project expenses & liaised with stakeholders to ensure the project was completed within budget, without compromising quality;
- ✓ Comprehensive design & testing, including participation in Factory Acceptance Testing, Site Acceptance Testing, & commissioning, ensured seamless project delivery & client satisfaction.
